

LOTUS FLOWER FOUNDATION®

We value the numerous donors and supporters in 2007 / 2008 who were instrumental in enabling us to develop the LFF shelter and training center, a child centered education facility for orphaned and abused Thai children in need.

FINANCIAL SUMMARY 2007 & 2008

The LFF's focus was twofold in 2007/2008:

1. Putting together a structured plan, which optimizes the abused orphans' reintegration process into society: The Lotus Flower Blossom Program curriculum (LFBP).
2. Building the LFF shelter/model training center combining self-sustainable, low cost, child friendly construction methods on the outskirts of Bangkok, in order to focus on efficiently spreading the LFBP curriculum.

The foreseen budget of CHF 200,000 was successfully funded by the support of embassies (Swiss and Australian embassies of Thailand), corporate companies (such as BMW, Itorama, Plaza Athenee Hotel, AIG Bank, GFA, Sixsenses and more), fundraising events in Thailand and Switzerland and private donors from all over the world. The overflow of CHF 9,050 flew directly into the buildings of the LFF shelter construction (fixed assets).
